*'Not at all.'* ...says **Måløy native Roar Moe**, former Friluftsliv teacher at **Voss folkehøyskule**, but we must take the initiative to preserve the equipment, tools and the skills of the past and recapture that practical problem-solving mentality **NOW**. Learn about his island classroom at the mouth of **Sognfjorden** as he tells his story using the big screen of downtown Spring Grove's new Cinema.

Free will offering
